USFPRA
UNITED STATES FOREIGN POLICY RESTRICTION ADMINISTRATION

Who decides when America goes to *war?*

The Constitution says **Congress** (Article I, Section 8). But Congress hasn't declared war since **1942**, and in 2026 the U.S. went to war with Iran **without a single authorizing vote**. We're a student group working to change that.

WHAT WE'RE ASKING CONGRESS FOR

1. **Vote Before War**
   No new war without a recorded vote, except to repel a sudden attack.
2. **Sunset the Blank Checks**
   Replace the 2001 AUMF with a narrow authorization that expires after 2 years.
3. **Close the Loopholes**
   Airstrikes count as "hostilities," and funding is cut off when the 60-day clock runs out.
4. **Show the Receipt**
   Public reports on where we're fighting, under what law, and what it costs you.

WHY STUDENTS SHOULD CARE

Our draft card
People our age are the ones a war would call on.

Our money
Borrowed war costs become our debt.

Our voice
Many in Gen Z say military force is overused.
